MEDIA RELEASE

18 June 2019

4th CSC SUPER JUNIOR SWIMMING INVITATIONAL

Chinese Swimming Club (CSC) is pleased to announce the hosting of the 4th CSC Super Junior Swimming Invitational 2019. This signature event has been hosted successfully for 3 consecutive years (since its inception in 2016) and this year will take place on the weekend of 6th and 7th July 2019.

To host the event, CSC will partially shut down activities and facilities in its 10,308 sqm Sports Complex to facilitate the smooth running of this Competition. The core objectives of this competition remain unchanged as follows:

1. To provide additional racing opportunities for competitive swimmers aged 12 years old and below in the second half of the calendar year.
2. To foster better relationships among local and foreign clubs.
3. To establish a showcase event annually in the local and regional swimming calendar.

CSC has made significant headway in championing these goals; as of the registration closing date, we have received entries from over 700 swimmers, way beyond last year's total of 564 swimmers. Currently, we have 21 local clubs/schools and 14 overseas clubs from China, Malaysia, Thailand, Brunei, Philippines and Indonesia taking part in the meet.

CSC looks forward once more to hosting this flagship event that provides a platform for young swimmers from both local and regional clubs to meet and compete.

In addition to the competitive races, there will also be a Sports Bazaar with brands from Arena, Pout, and several others held at the Arrival Pavilion Lobby.

We would like to invite all friends from the media to attend the Meet, help publicise the sportsmanship of these young swimmers and also experience the excitement of the event.
