

Access Routes for Persons with Disabilities (PWDs) within the Recreation Complex

The new Recreation Complex (RC) is completely wheelchair accessible, featuring accessible pathways throughout the facility. To provide a seamless, comfortable visit for Persons with Disabilities (PwDs), we have designated accessible routes. Depending on where you are headed, specialised lifts are available to assist you in moving between levels.

Upon arrival at the RC, please check in at the security counter and inform Security Officers (SO) of your destination. You will be guided along accessible routes within the building and offered assistance.

If PWDs needs assistance to use any of the specialised lifts, they should call 6885 0660 or press the call buttons near the specialised lifts.

PWDs should check out at the security counter before departing from the Recreation Complex.

Please refer to the table below to access our facilities, and feel free to approach our SOs at the main counter if you require any assistance.
